EURO

SEPTEMBER 2021

WHAT SETS US APART?

Our fast and sustainable results set us apart and distinguishes our products from all others.

This has been achieved through 20 years of research and development through laboratories and experts in Denmark, Germany and Italy.

Through testing, we discovered unique combinations and balance of active ingredients delivering fast and optimum results for a number of specific problem areas – deep, fine lines in the skin, scars, pigmentation, stretch marks, hair loss and loose or dehydrated skin.

Results were then further improved at a renowned Italian laboratory to increase the efficacy and synergy of the ingredients and the development of the Mesoskinline 5 Step Treatment protocol.

MESOpower pen® - MS-5000

The latest skin therapy system!

Wired & wireless 2 IN 1

MESOpower® pen.

MESOpower® pen is a specially developed professional mesotherapy handpiece with ergonomic design. It adjusts to fit multiple users, has real-time energy visualisation, and dual innovative technology with Smart Memory to meet your usage characteristics.

Product	Item No.	Quantity	B2B Price	Price for 3 boxes	Price for 6 boxes
MESOpower Pen Kit	MST2000	1 Set	599,30 €	539,37 €	524,39 €

3-Point Microneedling Module (Metal 0,25mm - 1,0mm)

Contents

- 10 individually packed needle modules
- Ultrathin 0.18 mm
- Stainless titanium steel
- Sterilised with gamma rays and disposable
- Production date, Expiry date and LOT number on each needle
- Length of the needles is adjustable (0,25 mm-1 mm)

A special Meso-microneedling 3- point module for precise treatment of deep lines and mimic wrinkles

The innovative 3-Point - Microneedling Module is most advanced clinical microneedling unit on the market. With this state of the art module, you can stimulate, open the top layer of the skin. The module consists of three safe micro-needles, which stimulate the top layer of the skin (epidermis) in a mild and effective manner and also also easy access to difficult areas due to its small size and tilting needle plate.

Product	Item No.	Quantity	B2B Price	Price for 3 boxes	Price for 6 boxes
3-Point Microneedling Module (Metal 0,25mm - 1,0mm)	MST3001	10	53,00 €	47,70 €	46,38 €

11-Point Microneedling Module (Metal 0,25mm - 1,0mm)

Contents

- 10 individually packed needle modules
- Ultrathin 0.18 mm
- Stainless titanium steel
- Sterilised with gamma rays and disposable
- Production date, Expiry date and LOT number on each needle
- Length of the needles is adjustable (0,25 mm-1 mm)

For mimic wrinkles (for thin skin and sensitive areas). A classic round microneedling head for effective skin rejuvenation treatment.

The innovative MESO 11-Point Micro Module is one of the safest and most effective needle modules on the market. The advanced module allows you to stimulate, activate and open the upper layers of the skin. Thanks to the appropriate distance between the needles, the skin is treated correctly – without the risk of scarring. Use this needle module on mimic wrinkles, stretch marks or acne scars with appropriate mesoskinline cocktails or similar products.

Product	Item No.	Quantity	B2B Price	Price for 3 boxes	Price for 6 boxes
11-Point Microneedling Module (Metal 0,25mm - 1,0mm)	MST3002	10	53,00 €	47,70 €	46,38 €

24-Point Microlifting Module (Plastic 0,25mm - 1,0mm)

Contents

- 10 individually packed needle modules
- Sterile and single use only
- Specially designed module with 24 x 0.7mm • plastic pyramid-shaped stimulation points
- Production date, Expiry date and LOT number on each needle
- Length of the needles is adjustable (0,25 mm-0,7 mm)

A safe plastic needle module designed to stimulate blood and lymph circulation and to increase product penetration into the skin by up to 97%. The innovative MESO 24-Point Nontraumatic Module consists of a plastic plate with 24 stimulation points (0,7 mm), which activate the skin's top layer (epidermis) in a mild and effective manner. This is a special module for non-invasive mesotherapy, used for the face, body and scalp. The 24 stimulation points absorb the active mesoskinline meso-cocktails into the skin, leading to natural cell renewal.

Product	Item No.	Quantity	B2B Price	Price for 3 boxes	Price for 6 boxes
24-Point Microlifting Module (Plastic 0,25mm - 1,0mm)	MST3003	10	53,00 €	47,70 €	46,38 €

36-Point Microneedling Module (Metal 0,25mm - 1,0mm)

Contents

- 10 individually packed needle modules
- Ultrathin 0.18 mm
- Stainless titanium steel
- Sterilised with gamma rays and disposable
- Production date, Expiry date and LOT number on each needle
- Length of the needles is adjustable (0,25 mm-1 mm)

The 36-Point module is the largest in the range and suitable modules for treatment of deep wrinkles, stretch marks, surgical and acne scars.

The innovative MESO 36-Point Maxi Module is the most advanced clinical unit on the market. With this state-of-the-art module, you can stimulate, open the top layer of the skin. Use it together with suitable mesoskinline cocktails or similar products.

The module consists of thirty-six safe micro-needles, which stimulate the top layer of the skin (epidermis) in a mild and effective manner and easy access to difficult areas due to its small size.
